Grendon, Bozeat and Irchester are receiving a poor response from Norse regarding bin collections with no explanation to councils. Cllr Mr Talbutt believed overseas drivers had returned home which had impacted the number of drivers available. Norse's contract ends in March 2022. Norse also manage maintenance at Wollaston Cemetery. Cllr Tew enquired about the service level agreement at the Cemetery and was advised to email Cllrs Messrs Carr and Partridge-Underwood. Clerk to provide Cllr Mr Tew with email addresses. Cllr Mr Alvis enquired as to whether any grants would be available from NNC. It was confirmed the budget would be present to NNC in November 2021. PLANNING

(a) Applications

Schedule was circulated with Agenda, Appendix 6. An update was circulated via email to other planning business.

The planning schedule was discussed.

NW/21/00497/FUL Parochial Rooms – a camera had been placed on a BT pole in College Street which was then removed after 10 days after complaints from neighbours. It was agreed there was still a parking issue and the PC would respond accordingly, asking planning to look at PC last letter.

NW/21/00779/FUL – Summer Leys – The PC had no objections but thought the temporary unit was only for 1 year rather than the 2 years stated in the planning application. The Wildlife Trust had circulated an email that they intended to introduce parking charges at £4 per half day and would be open to accepting queries via email. Two such questions raised were whether members would receive a concession for parking and how they would mitigate instances of parking on the main highway. Councillors were concerned regarding parking on the main road and would look to NNC Highways for designation of clearway. The response

to the temporary unit would also include the PC having serious concerns regarding the proposed parking charge as not only will it encourage unauthorised and potentially dangerous parking but likely detract from casual visitors from the community just taking a walk and exercising for an hour or so, £4 for half a day is excessive. A site viewing is required when the application is considered to avoid this application being passed by delegated powers. Cllr Mr Tew advised he would try to raise the issue at his planned meeting with Ian Boyes of NNC in the village on Friday 18 September 2021.

NW/21/00716/VAR – 3 Little Lane – The PC had no objections to the variation of the plans to rectify incorrect drawing.

Clerk to respond to planning applications.

Any other Planning Business

Hookhams Path – Cllr Mr Mitchell was hoping to receive an update tomorrow, Friday 18 September. The issue appears to be the tenancy regarding the requirement of the additional land. The Planning Working Party will meet if planning has an update on the matter.

Proposed Solar Farm nr Irchester – An online meeting has been organised for Thursday 23 September 2021, at 7pm for any queries to be answered. Irchester PC, Wollaston PC and nearby residents would be invited to attend this meeting.

Cllr Mr Mitchell had been reviewing the monies and areas for monies to be attributed to in the S106 savings account for Neale Close and The Pyghtles. These will be looked at the budget meeting in December 2021.

It was **RESOLVED** to elect Cllr Mr Boddington to the Planning Working Party. Proposed by Cllr Mr Mitchell, Seconded by Cllr Mr Jones. Unanimously agreed, motion carried.

REPORTS OF THE WORKING PARTIES/REPRESENTATIVES

(a) Playing Field and Parks Management Committee – Draft minutes from the last meeting were circulated. Cllr Mr Savage confirmed the new CCTV system had been installed and was up and running. There was a proposal for an outdoor concrete table tennis unit which could be purchased from the S106 monies but this will be discussed at the budget meeting in December. The next brook clearing event will take place on Wednesday 29 September 2021, from 9am to midday. Cllr Mr Savage thanked those who attended and helped at the last clearing event. A third of the brook was cleared. Clerk to ask for volunteers.

(b) Environment, Highways Street Lights and Cemetery – Cllr Mr Tew had circulated a report, Appendix 8. It was confirmed there was a grant for private land owners to remove fly tipping. Councillors agreed a 20mph limit in the centre of the village would be a good idea. Various traffic issues would be discussed with Ian Boyes from NNC and Cllr Mr Tew on Friday morning and a resident from York Road would be joining them to discuss the road traffic accidents at the York Road/A509 junction. Cllr Mr Tew would also try to discuss the parking issue at Summer Leys Nature Reserve. The final cosmetic works to Backway would be completed next week. Cllr Mr Mitchell had been made aware there was already the basics of a lighting system to

<p>21/086</p> <p>COMMUNITY GRANTS</p> <p>The Clerk had advertised grant funding was available to Youth Groups, but the only response had been from Wollaston Youth Club. Put to a vote, 4 councillors were against, 5 in favour and 1 abstained.</p> <p>The Village Hopper would receive £200, Village Hall the balance of it’s £5,000 after refurbishment nett costs deducted, Wollaston Community Library would receive £1,000, 1st Responders £100 and Methodist Church Day Care £200.</p>
